```java
1 import components.set.Set;
2
3
4 /**
5  * Customized JUnit test fixture for {@code Set3a}.
6  */
7 public class Set3aTest extends SetTest {
8
9     @Override
10    protected final Set<String> constructorTest() {
11        return new Set3a<String>();
12    }
13
14    @Override
15    protected final Set<String> constructorRef() {
16        return new Set1L<String>();
17    }
18
19 }
20
```
